### 1 - 4 Travel & Comfort system

This modular system is designed around a base attachment for the headrest bars. A coat-hanger, folding table or universal hook can then be fitted to this. The **coat-hanger** (see pic.4) allows clothes to be transported without creasing. It can also be detached from the mounting and used to carry clothes outside the vehicle. The **folding table** gives passengers in the rear a convenient surface to put things on, and is tilt and height-adjustable. It also includes a fold-out cupholder with a stylish chrome ring. The **universal hook** offers a convenient place to hang light shopping bags, suit hangers and the like. The Travel & Comfort system is finished in a stylish matt black with silver highlights, and goes perfectly with the interior of the BMW 6 Series.

### 5 Seat-back storage pocket

Containing compartments of different sizes, this storage pocket matches the dimensions of the front seats precisely, and can be fitted on either the driver or passenger side. It is the perfect place to store small items. Available in black.

### 6 BMW umbrella with LED torch

In a matching umbrella bag, and with a removable LED torch built into the handle.

### 7 Coolbag

CFC-free electric cooler which chills its contents to approx. 20°C below the temperature inside the vehicle. Capacity: 14 litres.

### M Sport package (not illustrated)

The M door sill finisher and the M footrest underline the sporty look of the BMW 6 Series.

**1 All-weather floor mats**

Dirt-repellent and water-resistant. The all-weather floor mats from BMW are 100 per cent recyclable. Available in black.

**2+3 Velour floor mats**

In Anthracite and Oyster, with or without heel pads.

**4 Halogen reading lamp**

Suitable for map reading. The bending arm allows you to adjust the light beam in any direction.

**5 LED torch, rechargeable**

This pocket-sized torch can be connected to the 12V socket for charging.

➤ See the Accessories pages of the BMW website for comprehensive information on the full range of components for the interior of your BMW 6 Series.

**6 Backrest protector**

Protects the upholstery on the back of the two front seats against dirt and damage.

**6 BMW junior seat I-II, with/without ISOFIX**

Suitable for children weighing 9 to 25 kg (aged approx. 9 months to 7 years). The seat features a restraint cushion and a height-adjustable back. The use of the ISOFIX function is permitted for children weighing up to 18 kg. Children weighing more than this should be secured without the restraint cushion, using the seatbelt. Available in various colour schemes.

**7 BMW junior seat II-III**

Suitable for children weighing 15 to 36 kg (aged approx. 3 to 12 years). The seat can be quickly and easily secured in place with the three-point belt. The height of the seat and position of the headrest and side bolsters can be adjusted with one hand, and the seat offers outstanding lateral support. The adjustable backrest makes the BMW junior seat II-III perfect for long journeys, and the removable cover is machine-washable. Available in various colour schemes.

**BMW baby seat 0+, with/without ISOFIX (not illustrated)**

Designed for children weighing between 3 and 13 kg (aged up to around 18 months). A seat reducer is included. The baby seat shell is mounted facing away from the direction of travel, either on the rear seat, or, provided the airbag is deactivated, on the front passenger seat. The shell can be detached from the reboard frame, and used separately as a carrycot. With detachable sun canopy. Available in various colour schemes.

## 1, 3, 4 BMW holder for Apple iPad

In combination with the BMW Car Hotspot, this allows passengers in the rear to make full use of all the functions of their iPad. Using the holder, the iPad can be securely mounted on the base attachment of the Travel & Comfort system (see p7), and released again at the touch of a button. The position of the device can be adjusted for maximum comfort and ease of use whether you are reading, watching videos or sending email. And thanks to a built-in stand on the back, the holder can also be used outside the vehicle.

## 2 + 5 BMW Car Hotspot

Need to check your bank balance on the move, or look something up on Wikipedia? The BMW Car Hotspot allows you to use the time you spend in your car productively or for relaxation. Various devices, including an iPad, laptop and games console, can all access a wireless internet connection at the same time, via either a SIM card inserted in the BMW Car Hotspot, or a mobile phone with a SIM access profile. The BMW Car Hotspot is fitted into the centre armrest, using a snap-in adapter, with a combination of UMTS (HSDPA) and GSM technology ensuring the best possible connection. A visual display shows the current connection status. International roaming can be switched off by the user. A roof aerial ensures optimum signal reception, and also minimizes radiation in the interior.

**1 Snap-in adapter**

A safe and secure docking system for current Nokia, Motorola and Sony Ericsson mobiles, and RIM BlackBerry® and Apple iPhone devices. With the telephone-specific, quick-change snap-in adapter, a phone can be charged in conjunction with the mobile phone preparation with Bluetooth interface.

**2 + 3 Snap-in media adapter**

Secure and stable docking system for Apple iPhone 3G/3GS/4G with specific mounting for every car model. Optimum network connection is ensured by the vehicle's external aerial. An integrated USB interface makes for convenient connection of the music player in the mobile phone (without the need for an additional cable). With Cover Art, the album cover of the music track (audio file) currently being played is shown in the vehicle display. The original cover is attached to each song and album by the Cover Art function. This allows you to identify the artist or album quickly as you listen to a track.

**4 USB charger/adapter**

Mobile devices with a USB interface can be charged through the cigarette lighter.

**USB extension cable (not illustrated)**

For easy connection of devices in the vehicle.

**5 Digital roadmaps**

Up-to-date digital roadmaps enable the navigation system to work out the best route in no time. Depending on the model, updates are available every year either on DVD or a USB stick. Includes certificate on DVD as a yearly update.

**6 Audio adapter for iPod/iPhone**

A cable for connecting your Apple iPod or iPhone to the vehicle's audio system. Two versions available.

**Aux connection cable (not illustrated)**

With gold-plated 3.5-mm jack plug. Two lengths available.

**7 DVD-changer**

6 discs, supports multichannel audio DVDs, MP3-compatible; in conjunction with TV or Professional Navigation system with additional video function.

**8 Rear-view camera**

Clearly shows the area behind the vehicle on the Control Display. Displays interactive lane lines, for example, to see whether a parking spot is big enough. The rear view camera is switched on automatically when reverse gear is selected (only in conjunction with Park Distance Control).

### 1 Rear-mounted rack system

Winner of the red dot award for innovative product design. The click-on function makes it simple to use and easy to fit, with no tools required. Fitted with LED lighting and suitable for carrying one or two bicycles. An extension set for a third bicycle is also available. The rack can be folded down out of the way when you want to open the tailgate. When not in use, it can be folded away neatly to save space. The rack itself and the bicycles are secured against theft.

### 2 Dog safety harness

Available in a choice of three sizes. It is designed to secure dogs on the rear seat bench, thereby enhancing the safety of passengers. The dog's lead can also be attached to the harness.

### 3 Ski bag

For simple storage of skis. Can be loaded from the luggage compartment, through an opening in the rear seat bench. The ski bag can be stored behind the centre arm rest in the rear to save space and keep it out of sight when it is not needed.

### 4 Driver utility set

Two versions available. Both include a selection of tools, torches and much more besides.

### 5 Powder fire extinguisher

Ready for use beneath the front passenger's seat.

## DISCOVER NEW SPACES.

ORIGINAL BMW TRANSPORTATION & LUGGAGE ACCESSORIES.

**1 Multifunction luggage compartment mat with folding box**

A visually appealing luggage compartment solution that combines a non-slip, acid-resistant fitted mat with a loading sill protector. The waterproof folding box has a strap inside to hold items like bottles firmly in place. The **folding box** cleverly slots into the fitted mat to prevent it from sliding around.

**2 Loading sill protective mat**

This padded non-slip mat folds out over the loading sill to protect it against damage. It also provides a place to sit.

**3 Luggage compartment tie-down straps**

Two tear-resistant tie-down straps secure items in the luggage compartment quickly and safely. Available with two different fastening mechanisms.

**4 Luggage compartment net**

Attaches to the eyelets that are fitted as standard to the floor of the luggage compartment.

# JOY CARES NATURALLY.

## NATURAL CARE – THE ECO-FRIENDLY WAY.

Connecting the joy of driving with sustainability is a guiding principle for BMW. Our Natural Care products are a clear response to this aspiration. An environmentally sound and sustainable approach is adopted throughout their entire lifecycles – from the selection of the raw materials through energy-efficient manufacture and safe application to the recycling of the packaging. With Natural Care, BMW presents a shining example of environmentally friendly vehicle care. The products are predominantly made from natural raw materials, such as tensides from sugar beet, canauba wax, bio-alcohol from sugar beet and linseed oil. The dermatologically tested Natural Care products also combine eco-friendliness with efficient and powerful action.

You can learn more about the range of Natural Care products and other original BMW Care Products on the BMW website.

## JOY IS KNOWING THAT YOU ARE IN GOOD HANDS.

To ensure your BMW performs at its best every day, your BMW Service Centre does much more than just give you advice on which Original BMW Accessories to choose and offer a professional fitting service.

The on-board maintenance system Condition Based Service independently monitors the condition of your BMW, informing you about forthcoming maintenance requirements and when specific parts need to be replaced because of wear. In addition, BMW TeleServices\* automatically transmits the car's service needs to your BMW Service Centre so they can contact you to arrange an appointment. As the Centre knows the service requirements in advance, Original BMW parts can be ordered in good time so there is no need to be without your BMW any longer than necessary.

With BMW Service Inclusive, depending on the package you choose, servicing can be carried out by BMW Service partners worldwide for a one-time payment. It also means that work beyond the warranty period can be done at no extra cost. Service packages with defined time periods and specific mileage limits are available. In the unlikely event of a breakdown, BMW Roadside Assistance is available by telephone at any time.

BMW Teleservices Diagnosis\* wirelessly transmits all relevant information to a BMW Service Centre. In this way, a BMW Service specialist can determine the cause of a problem from a distance and either explain how you can solve it yourself, send BMW Service assistance to you, or remotely correct the problem using BMW Teleservice Help\*.

For more information on BMW Service, please contact your BMW Service Centre or visit [www.bmw.com/service](http://www.bmw.com/service)

## BMW SERVICE.

\* The use of BMW Teleservices in your vehicle is dependent on the following options: Bluetooth mobile phone preparation (from 03/2011) or the new SA6NH (from 03/2011), the new SA6NK or the new SA6NL, and, depending on the model, Radio BMW Professional in conjunction with the Control Display and iDrive and for the BMW Navigation system Business (SA609) or the BMW Navigation system Professional (SA609).
